

## **FABLE - Farming Natures Table**

At Fable we Farm Natures Table, working with nature and its timing to produce a product of high value and taste. The moral of Fable is if we nurture nature and its animals, in return it will nurture us with all its goodness.

### **FABLE LAMB**

- Naturally Raised
- Ethically Processed
- 100% Traceability
- High in Omega 3's
- Quality Matured

### **FABLE VENISON**

- Naturally Wild
- 100 % Traceability
- Extremely Lean
- Quality Matured

Completely NATURALLY RAISED, our farmers belong to a Farm Assurance Program which verifies Stock movements, Management systems, Animal health treatments, Feeding regimes, Animal welfare standards.

ETHICALLY PROCESSED and minimal stress, this is shown in the higher carcass yields on the slaughter sheets. This is only possible if all these factors are taken into consideration; stress, humane handling, very little transport if nothing at all, kept in natural environment and slaughter techniques.

NO ADDED HORMONES, NO ANTIBIOTICS

100% TRACEABLE

HEART FRIENDLY – HIGH IN OMEGA 3's - Grass /pasture fed lamb contributes significantly to high levels of Omega-3 and polyunsaturated fatty acids (what nutritionists call 'good fats').

EXTREMELY LEAN, our venison is naturally wild , 100% traceable, extremely lean and nutritious.

All Fable carcasses are matured for processing
