

Meat of Origin Breede River Valley

The certification mark will be used for all the cattle which was born and bred on the Mooiuitsig Farms on the banks of the Breede River. The mark ensures traceability of our end product.

The certification mark represents good record keeping of all our animals, good animal welfare practices, animals with no added hormones or growth stimulants and good food safety and regulatory practices.

The cattle are slaughtered at a registered abattoir which practice humane techniques. The certification mark will apply to all Mooiuitsig Boere cattle slaughtered at the abattoir.
